Medical Assistance Transportation Program (MATP)

This program provides you with transportation to and from medical appointments. The program will provide help paying for public transportation, paratransit (special vans or taxis that drive several passengers at once) and private drivers. If you use a private driver, you need to get approval ahead of time. You must use the least expensive type of transportation that meets your needs.

How do I apply?

You can apply for this program by contacting your local office.

Frequently Asked Questions

Am I eligible?

You can get help from this program if you receive Medicaid and need help getting to your medical appointments.
